Announcement NL-NMD Thesis Awards

To whom it may concern,

After the success obtained in 2020, the Netherlands Neuromuscular Center (NL-NMD; Spierziekten Centrum Nederland) and their young talent program MYOS are proud to present the third edition of NL-NMD Thesis awards! These awards have the ambition to stimulate and highlight the greatest accomplishments in the Dutch neuromuscular field by young talent on a yearly basis.

During the annual NL-NMD symposium on neuromuscular diseases on the 13th of January 2023 these prizes will be awarded to the best clinical and pre-clinical thesis in the neuromuscular field. Each prize includes an award and € 500,- . All PhD's who have defended or will defend their neuromuscular thesis in 2022 are invited to participate. The applicant is free to decide for which (clinical or pre-clinical) award they wish to participate.

Requirements for participation:

1. A PDF version of the thesis.
2. An application letter in English of max 300 words describing the major conclusions as well as the scientific and societal impact.
3. A PhD portfolio with activities related to the project and the thesis such as publications and presentations (Max 2 A4).
4. A letter of recommendation of max. 300 words. The applicant is free to decide who will provide the letter (eg. from a supervisor, colleague).
5. Indication whether he/she wishes to participate for the clinical or the pre-clinical thesis award.
6. You're invited to send in your application to: info@spierziektencentrum.nl.

Deadline for application: 1th of December 2022, 12.00 AM.

The NL-NMD award committee will select the two best theses based on their scientific impact, societal impact, patient participation, and international esteem.

If you are aware of a potential candidate please forward this invitation.

We look forward to receiving your applications!

Sincerely,

Dr. Anneke van der Kooi
President NL-NMD
